By committee on Legislative Procedure, by request of Senators Bice and Hansen.

Read first time.

To committee on Public Welfare.

Upon motion of Senator LaFave, with unanimous consent, the senate proceeded to the 8th order of business.

SPECIAL COMMITTEE REPORTS

Senate Bill 170

It is the opinion of this committee that passage of this bill would not be in the best public interest. (If the bill should be passed, however, substitute amendment No. 2, S. should be adopted, and another amendment adopted specifying the source of the funds for the increased benefit payments.) It should be noted that passage of this bill would

JOURNAL OF THE SENATE [May 25, 1965]

require a favorable vote by three-fourths of the membership in each house of the legislature.

Respectfully submitted,

JOINT SURVEY COMMITTEE ON RETIREMENT SYSTEMS

Senator Reuben LaFave,

Chairman.

Assemblyman Vincent R. Mathews,

Vice-Chairman.

Senate Bill 170

SPECIAL COMMITTEE REPORTS

1965 REPORT OF JOINT COMMITTEE FOR THE REVIEW OF ADMINISTRATIVE RULES

To: The Honorable Governor Warren P. Knowles
The Honorable, the Senate and Assembly of Wisconsin

The Joint Committee for the Review of Administrative Rules was created pursuant to section 227.041, Wis. Stats. The Committee, consisting of Senators LaFave and McParland and Messrs. Anderson, Lien and Romell, met for organizational purposes on January 15, 1964. Senator LaFave was elected chairman, Mr. Romell was elected vice-chairman, and Senator McParland was elected secretary.

Other meetings were held in 1964 on February 4, May 14, May 28, June 25, July 6, July 15, August 7, September 10, September 28, October 9, October 27, December 4 and December 18 and in 1965 on January 6 and May 19.

The committee's authorization to act is contained in 227.041 (4), Wis. Stats.:

"227.041 (4) (a) The committee shall have advisory powers only and its function shall be the promotion of adequate and proper rules by agencies and an understanding upon the part of the public respecting such rules. It may investigate complaints with respect to rules that it considers meritorious and worthy of attention, and thereupon recommend to the rule-making agency responsible for the rules complained of, such changes in, deletions from or additions to the rules as they believe would make the rules to which objection was

raised more equitable, practical and more in conformity with the public interest. It shall make a biennial report to the legislature and governor of its activities and include therein its recommendations.

(b) By a vote of a majority of its members, the committee may request an agency to hold a public hearing in respect to recommendations made pursuant to par. (a). The agency shall give notice as provided in s. 227.021 of a hearing thereon, to be conducted in accordance with s. 227.022, which hearing shall be held not more than 60 days after receipt of such request."

During the biennium the committee's activity was divided into 3 categories:

1. Proposals that the committee be given more authority over rules, such as the authority to suspend or repeal a rule.

The committee went to St. Paul and Lansing to meet with legislative committees of those states concerning this question. Michigan's new constitution permits committee review and suspension of rules.

In order to grant greater legislative control over rule making by the state departments the committee recommends Assembly Bill 835 and Senate Joint Resolution 72.

2. A review of forms which the departments ask the public to fill out.

The legislative Council asked this committee to review departmental forms which members of the public have to fill out. The feeling was expressed that the state is using too many forms and that they are unnecessarily complicated and burdensome.

Accordingly the committee asked the following departments to exhibit samples of all forms: Motor Vehicle Department, Taxation, Health and Conservation. The forms management specialist from the Department of Administration was also questioned. Some of the departments have been trying to simplify and eliminate forms, especially Motor Vehicle and some divisions of Taxation. Others seem to have done very little.

This committee, with limited funds and no staff, cannot accomplish very much in the way of forms review. The Department of Administration is handicapped in that it cannot compel any department to change its forms; it can only make recommendations. In any event no forms revision pro-

gram can be successful without the cooperation of the department heads and other personnel who use the forms.

The committee recommends that the Department of Administration continue to study all forms used by other departments and continue its efforts to persuade those departments to simplify and modernize their forms.

3. Complaints as to departmental rules.

(a) Complaint that the Registration Board of Architects and Engineers was attempting to prohibit firms from using the word "Engineering" in their business name unless a professional engineer controls the business. An attorney general's opinion was requested and received under date of April 24, 1964 wherein the following conclusions are made:

"1. If a corporation engages in the practice of professional engineering, but does not comply with the provisions of sec. 101.31 (7) (b), the use of the word 'engineering' or 'engineer' in its corporate title does tend 'to convey the impression that it is engaged in the practice of the profession of * * * professional engineering' contrary to, and in violation of, the provisions of sec. 101.31 (7).

2. If the corporation uses the word 'engineer' or 'engineering' in its name and does not practice professional engineering, there may be a violation of sec. 101.31 (1) (c), but this is a question of fact.

3. If the corporate name is something like 'X Engineering Company', and it does not practice professional engineering, but it does offer a service which tends to convey the impression to the public that it is a professional engineering service, there is a violation of sec. 101.31 (1) (c).

4. If, however, a corporation uses such a name, does not practice professional engineering and does not offer 'services', but rather exclusively a manufactured product, it is doubtful that the use of the word 'engineering' in its corporate name tends to convey the impression and thereby mislead its purchasing or potential purchasing public into thinking that it is procuring or is offered a professional engineering service."

After meeting with the committee the Board agreed not to take legal action against companies only engaging in engineering for their own company which is reflected only in a product manufactured by them, but that it would consider taking action against a company which offers engineering services beyond those used in their own production.

JOURNAL OF THE SENATE [May 25, 1965]

The committee recommends Senate Joint Resolution 73 calling for an interim study of the definition of engineering and its relation to the construction trades.

(b) Complaint concerning a penalty for late filing of a sales tax report. The penalty provision involved was modified by Chapter 557, Laws of 1963, which was passed at the April, 1964 adjourned session.

(c) Complaint as to improper real estate assessments. Upon investigation it was determined that no departmental rule was involved and no action was taken, other than to recommend that no state supervisor should act on behalf of a local assessor nor should he conduct a local hearing on review of local assessments.

(d) Complaint concerning rule WCD 10.09 (5). A request was made that the rule should be amended to restore a prohibition against carrying .22 rim fire rifles north of Hwy 29 during the deer season unless the rifle was unloaded and cased. Arguments were heard on both sides. No action was taken since the rule is less stringent than the former rule and no hardship to anyone has been shown.

(e) Complaint that the Department of Taxation is being unduly restrictive as to the form in which it will accept photostatic reproductions of tax returns. Mr. Corning stated that apparently some of the complaints were justified in that a new employe was interpreting the rule too strictly; he said the rule had been modified. However, the Department still will not accept illegible returns or copies stapled so that they can't be opened. No action was taken other than that the Department was asked to publicize and explain the rule better.

(f) Complaint concerning rules of the Board of Health concerning Nursing Homes. Two different hearings were held. The Board of Health stated that it had held a number of public hearings before the rules were adopted and that, while some further amendments might be necessary after the rules have been in effect for a while, the Board feels that they are necessary and desirable.

(g) Complaint that the Code of Ethics adopted by the Personnel Board was unfair. After hearing and conferences with the Board, the Board agreed to delay putting the Code in effect until it had been reviewed by the Attorney General and implementing legislation adopted. The Board will then redraft the rules and discuss them with this committee, and

a bill may be proposed if necessary to meet constitutional provisions.

(h) Complaint that Department of Agriculture rules on slaughterhouses were too burdensome and would put the very small operator out of business. The rules involved require sanitary facilities such as hot water for washing and sterilizing implements and sinks for washing hands. The Department agreed to resurvey the matter and report back to the committee, meanwhile withholding enforcement.

The Department has since reported that of 15 custom slaughterers doing a business similar to the complainant, 13 were complying with the rules and the other 2 were making alternations or installing equipment so that they would be in compliance. The complainant should have a reasonable period of time to meet the standards, but the Department does not feel that the standards should be lowered or not enforced. The report of the Department was accepted by the committee.

Senator REUBEN LaFAVE,
Chairman.

Ordered spread upon the journal, upon motion of Senator LaFave, with unanimous consent.
